

## Dream Winter Weddings at The Westin Europa & Regina, Venice

Winter in Venice is something magical that cannot be put into words. The mist and frost famous to the island provides an atmosphere and adds to the mystery of the city. The Westin Europa & Regina is the perfect place to reside and watch the winter go by in pure luxury, warmth and comfort, and it is in this ambiance that we feel that your Dream Winter Wedding can be set.

The Westin Europa & Regina is one of the most sought after locations in Venice to celebrate weddings and special occasions by venetians and foreigners alike. Hidden away from the chaos of the streets of Venice, the hotel offers a private and intimate atmosphere in the most prime location of the city. Set on the majestic Grand Canal, the views are unequalled by any in the vicinity and it was here, during the autumn of 1908, that the celebrated impressionist painter Claude Monet stayed, a long visit in which he made the most of his talent with the marvelous views offered.
